Thank you for preserving our natural resources!

☐ Plan Ahead & Prepare

☐ Dispose of Waste

Proper disposal of waste is critical to the preservation of our natural resources. Whatever you bring in . pack it out. Dispose of solid human waste in holes at least 6" deep and 200' from any water sources.

☐ Leave what you Find

Enjoy the view, but leave it where you found it. Leave rocks, plants and other natural objects.

☐ Minimize Campfires

Campfires can have a lasting impact to the eco system, so please reserve fires for designated fire rings if possible and please ensure all fires are completely put out before leaving the area.

☐ Respect Wildlife

This is their home, so please do not approach or disrupt their natural habitats

☐ Be Considerate of other Visitors
